

To Whom It May Concern:

K-LOVE is a very important part of the community. It provides an encouraging, positive light among the so many negative things in this world. The announcers never say negative things to people who call in and are not degrading or vulgar in any way. It is hard to find a radio station that you can listen to that provides this kind of positive atmosphere. K-LOVE has helped many others and me in their time of need just by providing this positive light when everything else in our lives looked so negative. Being on the radio allows for many people to receive these positive words and songs privately and anytime of the day or night.

I believe that if K-LOVE was displaced by an LPFM broadcaster it would allow many who listen or might become listeners of K-LOVE to be left with no positive influence in their life. Teens would have only the songs played on other stations and possibly no choice to listen to any positive encouraging songs that K-LOVE offers. Elders who are unable to leave their homes would be left without positive words of K-LOVE to keep them going and the rest of us would be driving in our cars just getting angry at the traffic, instead of receiving the positive energy that K-LOVE is known to give each listener.

Please do not displace K-LOVE with LPFM broadcaster; it would be a very negative impact on society itself.

Sincerely,

Mary K. Jackson
